

Discover the Ultimate In-Car Experience with Pioneer's Largest 10.1" HD Touchscreen Display Transform your vehicle with our 10.1" Capacitive HD Floating Touchscreen Display. This state-of-the-art head unit features built-in Wi-Fi and supports both wireless and wired Apple CarPlay and Android Auto, ensuring seamless connectivity with your smartphone. Enjoy the flexibility of wired WebLink® Cast, while Bluetooth® connectivity keeps you hands-free. Enhance your multimedia experience with Full HD video playback from USB devices and HDMI input readiness. Our display is also back-up camera ready for added safety on demand. With a 13-band graphic equalizer and the latest Pioneer Advanced Sound Tuning features, you can tailor your audio experience to perfection. The new Pioneer User Experience Interface, Interactive Luminous Bar, and PxLink App for UX improvement offer intuitive controls and a modern touch.
