Smartphone Connectivity

Experience Pioneer's 9" Capacitive Touchscreen with All-in-One Smartphone Connectivity

Our 9" big screen, designed for unparalleled visual clarity and ease of use. Features built-in Wi-Fi and supports both wireless and wired Apple CarPlay and Android Auto, ensuring seamless connectivity with your smartphone. Enjoy the flexibility of wired WebLink® Cast, while Bluetooth® connectivity keeps you hands-free.

One-Touch Access to Apple CarPlay / Android Auto

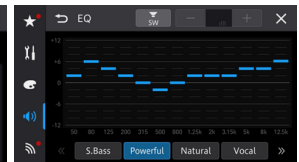

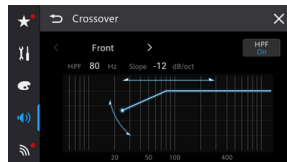

Experience a new dedicated Direct Key feature that allows you to open Apple CarPlay™ and Android Auto™ automatically with one-touch of a button.

True Pioneer Sound Experience - New Advanced Sound Tuning with Detailed Optimization

Crossover Setting

Time Alignment

13-Band GEQ

New Pioneer Advanced Sound Tuning options such as 'Speaker-Level Setting', 'Crossover Setting' and 'Time Alignment' for your high-fidelity sound customization. The 13-Band Graphic Equalizer adjustment allows you to adjust the frequency response of your audio system across 13 specific frequency bands.

Greater Convenience with Pioneer Short-cut Key and PxLink App

Skip troublesome operational steps with easy short-cut keys for access to your EQ settings, WebLink® Cast, Radio Stations and more. New Pioneer PxLink offering more user-intuitive features for the seamless control of your Apple CarPlay™ and Android Auto™.

NEW PIONEER PXLINK

- Over-the-Air Software Updates
- Customization Short-cut Key Layout
- Transferring of Personal Wallpaper to Head Unit
- Short-cut keys for Head Unit and other Apps launch
